

# Father's Day Pencil Holder

## You will need:

An empty tin can

25 coloured paddle pop sticks

White glue

A black pen

Two elastic bands

Lollies or treats (optional)

## Instructions

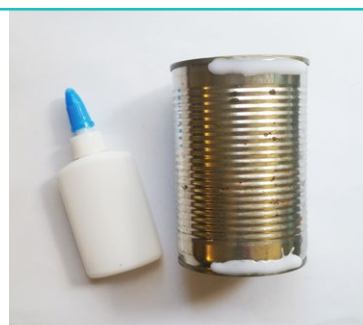

### Step 1

Using the black pen, write and/or draw some positive messages on one side of each paddle pop stick.

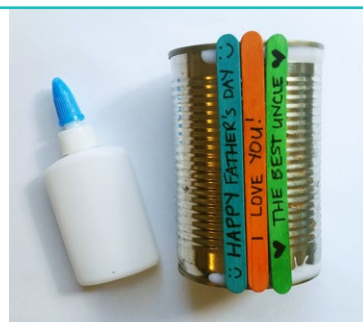

### Step 2

Squeeze some glue onto the top and bottom of the empty tin can.

### Step 3

Glue the paddle pop sticks in a rainbow pattern until the tin is fully covered. Apply more glue if needed.

#### Step 4

Make sure that all paddle pop sticks are completely stuck down and there are no spaces in between them. Then, place the elastic bands around the top and bottom of the tin. This will ensure the paddle pop sticks remain secure and stick to the tin.

#### Step 5

Squeeze some glue onto the top and bottom of the empty tin can.
